

SASPAC GLOBAL

SASPAC has been a trusted name in education management since 1979 and is a leading developer of education management software.

The combination of ongoing research and development, together with our in-depth understanding of education management means that you can trust SASPAC to provide you with an effective management system.

SASPAC Global is a simple effective way for educators and parents to obtain learners information through a web site.

SASPAC Global is installed and hosted at the school using the ADSL Internet connection.

SASPAC Global provides parents and learners with a view of:

- ✓ Learners Details
- ✓ Parents Details
- ✓ Address Details
- ✓ Absentee Information
- ✓ Misdemeanour Information
- ✓ Subjects and Marks
- ✓ Financial Statements

What is SASPAC Global?

Saspac ERP is used to manage the daily administration tasks of the school. Saspac Global gives parents on-line access to their child's information and provides these details in real-time.	If you do not have your login details, then click on the Forgot Password? link. You will be required to enter your cell phone number. If you get an error message saying that your cell phone number does not exist, please contact the school to verify if your cell phone number has been registered against your child. A SMS will be sent to your cell phone with your child's admission number and password. You will receive a SMS for each child you have in the school.
Depending on which modules have been installed, a parent may view: <ul style="list-style-type: none">• Personal Details• Family and Address• Medical Information• Subjects and Marks• Absentees• Misdemeanors• School Fees Statement• Homework	All passwords are system generated and no-one is able to retrieve these passwords. Please do not contact the school if you have forgotten your password. The only way to retrieve passwords is via the Saspac Global site.
